OBJECTIVE

To utilize my skills as a web developer to contribute in creating attractive, user-friendly, and functional websites, while continuously learning and growing. I aim to collaborate with a skilled team to deliver top-notch web solutions that go beyond client expectations and drive business growth.

EXPERIENCE

Proweaver, Inc.

SENIOR / LEAD DEVELOPER   *07/2022 – 06/2023*

- Led a team of developers, providing guidance, assigned tasks, and facilitating skill enhancement sessions.
- Conducted quality assurance assessments for team members' tasks.
- Collaborated effectively with teams to deliver solutions.
- Developed and maintained website form templates and other projects.

WEB DEVELOPER   *11/2019 – 07/2022*

- Developed website online forms based on provided file references or approved layouts.
- Implemented modifications and content updates on website pages according to client requests.
- Conducted testing and troubleshooting to improve website functionality and resolve issues.
- Integrated third-party sites/APIs and installed plugins on WordPress websites.
- Activated pages and custom features on WordPress websites.

SystemsCore Incorporated

SOFTWARE DEVELOPER INTERN   *07/2018 – 03/2019*

- Designed and developed a user-friendly web document scanning application utilizing ASP.NET MVC and a scanning SDK.
- Developed a web application to track the number of players at various locations utilizing Google Maps API with JavaScript.
